Principal's Message

Heraclitus, a Greek philosopher born in 544 b.c. said, "No man ever steps in the same river twice." Teaching and learning process is not static but becoming. The colonial masters introduced education systems in India to create clerks and civil servants, and we have not deviated much from that pattern till today. Creating a few more schools or allowing hundreds of colleges and private universities to mushroom is not going to solve the crisis of education in India.

We may have the most number of engineering graduates in the world, but that certainly has not translated into much technological innovation here. Here we can see the space for a paradigm shift from behaviouristic approach to constructivist approach.

Through Christ college, we envisage to form the future educators, teachers, leaders and citizens who are intellectually competent, spiritually mature, morally upright, psychologically integrated, physically healthy and socially acceptable. We together can build the KINGDOM of GOD. Wish you a prosperous New Year. God Bless you.

Manager's Musings

It is heartening to know that Christ College, Bhopal is marching towards a new beginning with new courses added to the existing courses with its beautiful new campus on cards. Throughout the first phase of its existence, we have experienced God's providence and guidance in myriad forms and the second phase too is blessed with His Choicest blessings. With commitment, compassion and competence etched into their personalities, Christ College Family is here to make a difference. I feel elated to be part of this journey where this institution genuinely tries to be in the process of making a new society by imparting holistic education. I feel privileged to endorse "CHRIST-LINK", the official news letter of Christ College, Bhopal which showcases the activities and colorful events of the college. I wish and pray that CHRIST-LINK shall be a vehicle and forum for dissemination of relevant programs, experiences and information. Together with you, we can nurture the prospective leaders of our country and take our institution to greater heights.

Manager

The Director's Desk

We all look for good tidings. Tidings of joy, peace and love! Nevertheless, the more we search for it, the more it seems to allude from us. Tidings of tribulations and mishaps seem to be the order of the day. Christmas is a season of good tidings. God became human and was born in a manger bringing good tidings. What does make Him special? How could He be an ambassador of peace and love and a herald of good tidings? The answer is simple and straight forward. Without an "EGO" to hurt and get hurt, He himself becomes good tidings. He becomes PEACE... He becomes LOVE... He becomes JOY... Our "EGO", all the more adulterated with the division of caste, creed, religion, gender, financial disparities and other selfish motives seek joy, peace and love for each one of us while ignoring the need of dispensing it to others through our lives. The baby Jesus born in the manger gives us a simple lesson- Be devoid of EGO. The coveted tidings of Joy, Peace and Love will be yours.
